CONTEST CALENDAR

June 15, 2013

Kids Day is an on-air event to encourage young people (licensed or not) to have fun with Amateur Radio. It is designed to give on-the-air experience to youngsters and hopefully foster interest in getting a license of their own. It is also intended to give older hams a chance to share their station and love for Amateur Radio with their children.

June 22-23, 2013

Head for the hills - or parks, beaches, mountaintops, or yes, even fields! The largest on-air amateur radio event in North America is not too far away. Use the links below to start planning your Field Day effort! The objective is to work as many stations as possible on any and all amateur bands (excluding the 60, 30, 17, and 12-meter bands) and to learn to operate in abnormal situations in less than optimal conditions. Field Day is open to all amateurs in the areas covered by the ARRL/RAC Field Organizations and countries within IARU Region 2. DX stations residing in other regions may be contacted for credit, but are not eligible to submit entries.

Hannibal Amateur Radio Club News

The Western Illinois Amateur Radio Club will be holding a multi-session course where you will learn everything you need to know to pass the test for your entry level FCC Amateur Radio License. Classes will be held on four consecutive Saturdays, from 9am to 4pm in the Red Cross Building located at 3000 North 23rd Street in Quincy. The start date will be April 6. Prospective students must contact me to register by March 31 so that we can measure interest and to order the correct number of student manuals. The FCC exam will be administered at the conclusion of the course, by the instructors.

While instruction is free, the purchase of the license study guide is strongly recommended. It will be available at discount from the instructors. There is an FCC testing fee of \$15.

Training will include on-air demonstrations in the on-site club station. There is no age limit for licensing and the course is geared to all ages.
